

LIBRARY RESOURCES TO SUPPORT RESIDENT EDUCATION

ARIEL POMPUTIUS, MLIS

UF HEALTH SCIENCE CENTER LIBRARIES

GMEC CME SERIES FEBRUARY 10, 2022

1

Identify library services available to residents and fellows in the College of Medicine

2

Locate relevant databases for resident education available through UF, including AccessMedicine and ExamMaster

3

Navigate to self-study tools and case files available in these databases

4

Discuss additional needed resources for resident education

OBJECTIVES

OVERVIEW

Brief Introduction to the Library

Relevant Databases

Board Review Materials

Future Plans

WHAT CAN YOUR LIBRARY DO FOR YOUR RESIDENTS?

- Search the literature for research needs and patient care
- Assist with evidence synthesis reviews (meta-analyses and systematic review)
- Locate information resources, including books and articles
- Assist with citation management software
- Recommend appropriate journals for publications (and review potentially predatory requests)
- Curate "LibGuides" with books, journals, and other information resources specific to your program

Every COM program has a liaison librarian:

<https://library.health.ufl.edu/services/library-liaisons/>

QUICK LIBRARY HIGHLIGHTS

NOTHING NECESSARILY NEW, JUST GOOD REMINDERS!

ACADEMIC RESEARCH AND CONSULTING SERVICES (ARCS)

- Interdisciplinary cohort of UF librarians and information specialists
- <https://arcs.uflib.ufl.edu/services/>

SYSTEMATIC REVIEW CORE

-
- New paid service through CTSI
 - <https://www.ctsi.ufl.edu/research/research-design-and-data-coordinating-center/systematic-review-core/>
 - First two hours of consultation are free, vouchers are available

NEW(ISH) RESOURCES

- Embase
 - Biomedical citation database similar to PubMed
 - GREAT search feature for quickly creating in-depth literature searches
- Covidence
 - Citation screening tool for evidence synthesis reviews (SRs, meta-analyses)
 - Create and collaborate, very intuitive
- 24/7 Library Access
 - All residents and fellows can use their Gator 1 Card to access the 2nd floor
 - More information
here: <https://library.health.ufl.edu/about-us/library-user-policies/24hr-study-space/>

RELEVANT DATABASES

MCGRAW HILL'S ACCESS MEDICINE

- Latest edition of McGraw Hill e-books in various specialties
- Multimedia>
- Cases>
- Study Tools>
- Content Maps available through User Support
- Users will need to create a free account to fully engage with the self-study materials

BEYOND ACCESSMEDICINE

- Currently Available
 - AccessPharmacy
 - AccessDermatologyDxRx
 - AccessPhysiotherapy (temporary)

Pricing is based on number of residents and students who would be interacting with the resource

- Past Inquiries
 - AccessOBGYN
 - AccessPediatrics
- Additional disciplines available

THIEME'S MEDONE EDUCATION

**Latest edition Thieme e-books
in various specialties**

Playlists

Compile chapters to various themes
Radiology seems to have the most
readily available playlists

Questions and Answers

Self-study questions seem more relevant
to medical students—**anatomy,**
physiology, cell biology
Potential interest to residents—
pathology, neuroscience, immunology,
genetics

Images/Videos/Audio

Search interface is **VERY BASIC**, use
small words

BEYOND MEDONE EDUCATION

- MedOne Ophthalmology
- MedOne Plastic Surgery
 - Highly, highly reviewed by plastic surgery faculty and residents based on several trials
- MedOne Radiology

BOARD REVIEW MATERIALS

ACCESS MEDICINE

Cases>

- Family Medicine Board Review
- Principles of Rehabilitation Medicine Case-Based Board Reviews
- Vanderbilt IM/Peds Curriculum

Study Tools>

- Clinical Practice & Board Review
 - Surgery
 - OB/GYN
 - Medical Genetics

EXAM MASTER

- Users will need to create a free account while on the UF network
- Lots for medical students--USMLE and Clerkship-related (Surgery MS, Pediatrics MS)
- Medical Certification>
 - Family Medicine
 - Pediatrics
 - Internal Medicine
- Clinical Sciences>
 - Ob/Gyn
 - Internal Medicine
 - Psychiatry

FUTURE PLANS

RESOURCES WE HAVE DISCUSSED IN THE PAST

Board Review Support

- Board Vitals
- LWW Health Libraries Board Review Series

Unusual Educational Resources

- VisualDx (now available for UF 3rd and 4th year medical students)
- JOMI

HOW CAN WE BETTER SUPPORT RESIDENT EDUCATION MOVING FORWARD?

- More multimedia educational resources?
- More resident specific e-books?
- More board review and self-study tools?
- More leadership and teaching tools?
- More research support?

Suggestions welcome!
